Saeki

successfully
mark
Kikumaru,
while at the

getting free
from Eiji's
defense...
He is
teaming up
with Itsuki
to put
pressure
on Fuji!

Boktaku!!

What's that guy doing?
Maybe he has already given up on the match!
How sad...

Oh, Kikumaru ... Going into 'serious' mode, eh?

DUNLOP
ミュルン

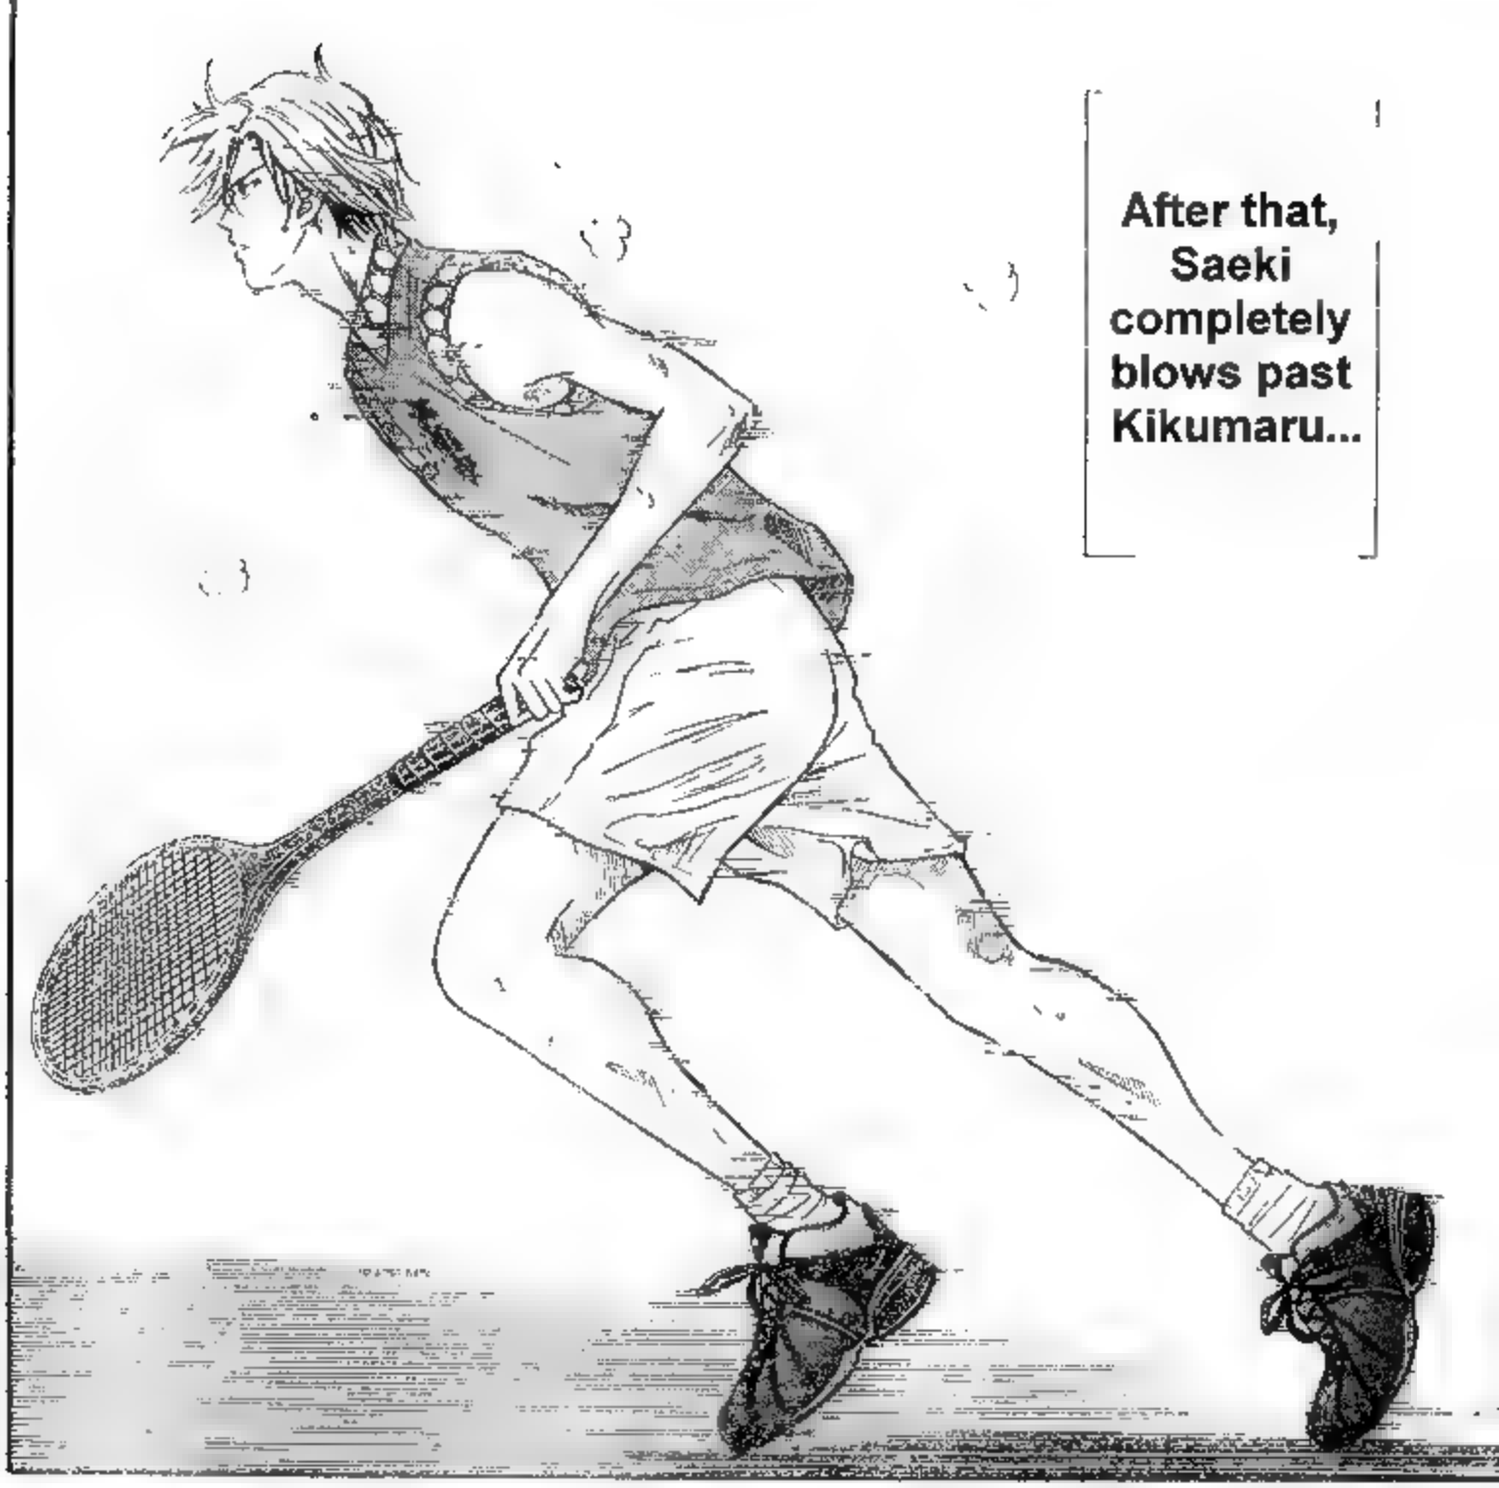
Hey, Gakuto, those guys are probably playing in the Semi-Finals right now, eh...
What's the matter Yuushi? Are you worried about them?
Of course! They were the ones who beat us...
If they don't win the championship, how will that make us look, as the team who lost to them, eh?

Is Rokkaku really that strong this year?
Hyoutei's pre-regular members got destroyed by 1 second-year student in Rokkaku...
Although it seems like our side caused the confrontation..
The matches should be pretty intense!
ha
ha
However ...
ha
In terms of power, Rokkaku has the advantage ...
ha

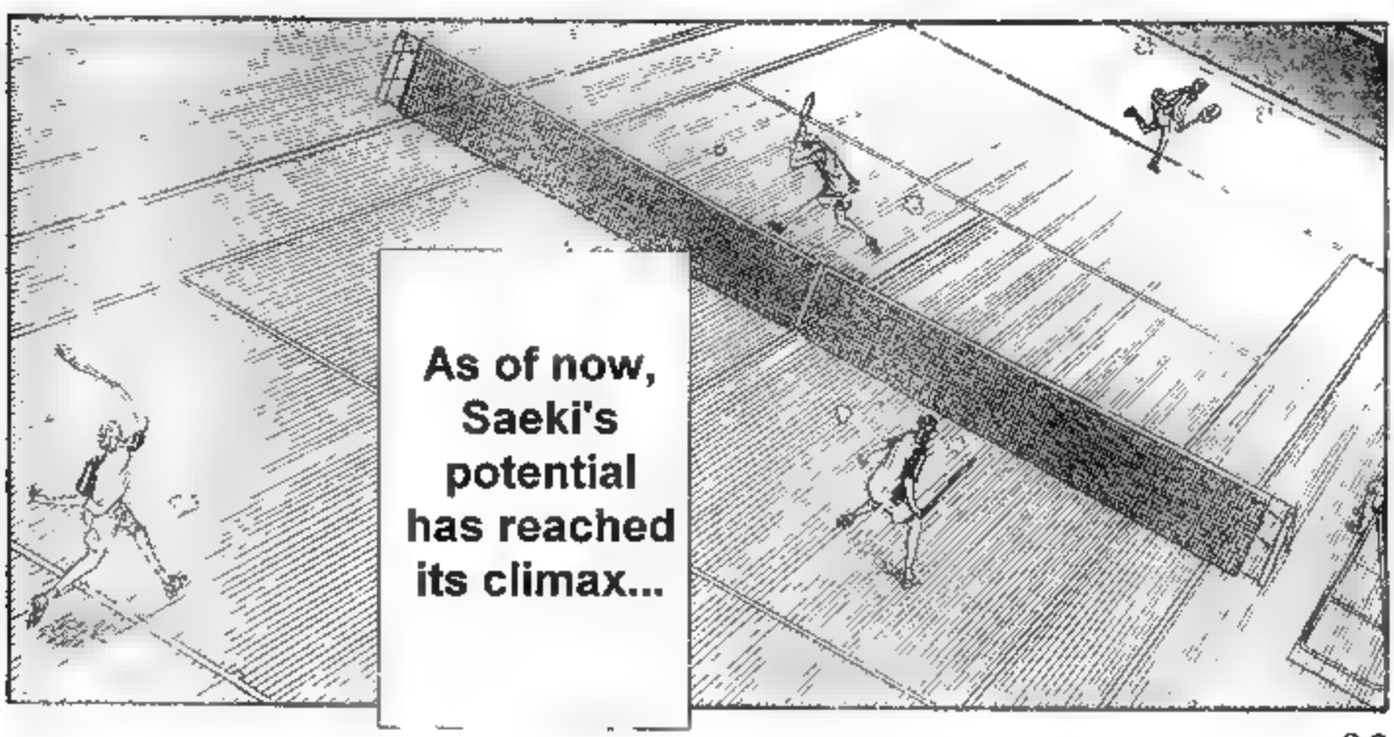
Those Seigaku guys thrive under these types of situations where they are in a pinch ...
They continue to evolve and grow stronger as the game progresses!

To be honest ...
I really don't understand how those Seigaku guys do it

Look at that!
He can't get away from Sacki's mark!



After that, Saeki completely blows past Kikumaru...



As of now, Saeki's potential has reached its climax...

He hits his finishing volley towards the open space perfectly
.....
However
HOI

That guy appears in the most unexpected of places
Is...
Is that Kikumaru senpai ...!?
